

## How can I help?

We are always looking for teachers who have different gifts that they love to share with the children.

You may feel like starting by being a teacher or be a substitute teacher.

Or you could serve as a helper.

Whatever you want to do, we have meetings and training to support you.

You can contact Mike Groscoast at 763-767-8086 or Allison Burkhaw at 763-784-1786 if you have any questions or would like to help.

If you are interest in signing your child up for Kingdom Kids, you can register online at: [www.Messiah-lutheran.org](http://www.Messiah-lutheran.org)  
Go to **Kingdom Kids** under the **Youth** tab.  
For more information call Mike Groscoast (763) 767-8086 or Allison Burkhaw (763) 784-1786.

Sunday Morning Worship:  
7:30am, 8:30am, 11:00 am  
Kingdom Kids: Wednesday 7:00 pm

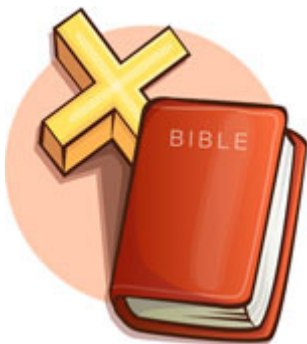

**Wednesday Night  
Bible Study & Fun!**  
*for kids 1<sup>st</sup> grade to 5<sup>th</sup> grade*

## What Will We Be Learning?

The curriculum we will be using is called *Learning to Use My Bible*. Our goal is to encourage children to use their Bible, make it interesting for them to use, and help them make it a lifelong companion.

Some of the things that we will be doing to reinforce how to use the bible are a hands-on approach which includes maps, games, charts, and art.

This fun filled study is ideal for children who have just received their first Bible or for those that need to brush up on how to use the Bible or recall some of their favorites stories in the Bible.

## Who, When, and Where?

This is for first to fifth graders that are looking for fun and God-inspired activities to do on Wednesday nights during the school year, from 7:00 p.m. to 8:00 p.m. in room 110 downstairs.

## What Other Activities Will The Kingdom Kids Be Doing?

One of the biggest things that we will be doing is learning the Bible stories and life lessons through puppetry.

We will be creating puppet presentations to perform both in church and at our family night. We will learn the skills of puppetry such as the coordinated movement of the mouth and bringing the puppets to action. We will make puppets and design backgrounds to go with the stories also.

We will also be doing different art projects like painting on tiles and making murals, as well as some cooking activities and community service projects.
